---

February 2012

## IN THIS ISSUE

<i>Museum Meet &amp; Greet</i>	1
<i>Scentsy Fundraiser</i>	2
<i>In the Hound House</i>	2
<i>Available Hounds</i>	3
<i>Sandy Paws 2012</i>	4
<i>Spay/Neuter Coalition</i>	4

We have the opportunity to help the greyhounds AND let you do your Valentine shopping on-line and head of time. A portion of each purchase will help a greyhound.

Check out the link below and get started on your shopping for your favorite person. As a personal owner of many scentsy items, I know you will be pleased with the quality of the products. There is so much to choose from that the only problem you will have is deciding which one(s) to decide upon.

# Happy Valentines!

Museum of Arts and Science

MAMMAL MAYHEM!

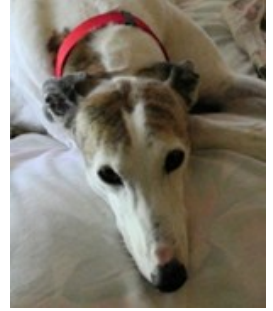

Mark your calendar for Saturday, February 18th, 2012, from 10:00 am until 4:00 pm to join us at the Museum. There will be lots of fun things to do and see as well as the Road Side Café' which has some strange food items. Come on out and to see some really neat mammals.

## In the Hound House

### Resolutions

We were told by Mom and Dad that we had to each come up with one New Year Resolution intended to make us better dogs. Say what? How can you get any better than this, growled Enzo, with his tail held high. Angel just went about trying to think of something...he really likes to live up to his name. You know, perfect-in-every-way-until-it-makes - you- want-to-vomit sorta way.

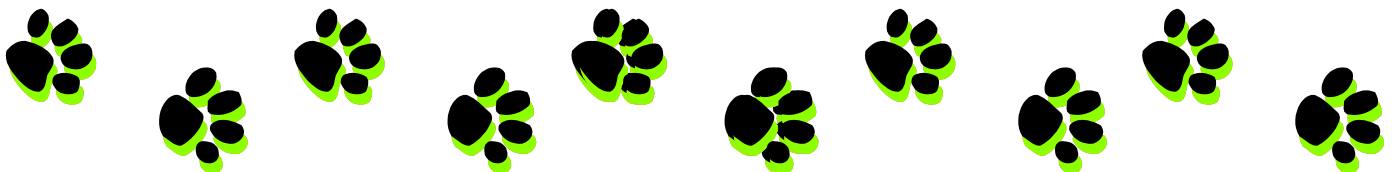

And me? Well, I guess I can try. So here goes.

**Julie:** I will try to keep myself and my beds cleaner by taking time to kick the mud off my feet and give myself more baths using Mom's good bath gel and shampoo or just rolling on the ground out back to get the big stuff off.

**Angel:** I resolve to not steal food away from Enzo and Julie unless they are not looking or they walk away or I am still hungry and faster than they are to get it into my mouth.

**Enzo:** I resolve to not bite as much, especially when Mom and Dad are walking through the house and I am nipping at their respective butts.

It's a start. Considering how busy and active we have all been starting before Thanksgiving, I say it's a pretty good start. And what can they expect? We're dogs. We're supposed to get dirty, steal food away from each other and bite the hand (or butt) that feeds us.

# Looking for Their Forever Homes...

**Binky:** He is a 9 year old Italian Greyhound that was relinquished with Harley. He has a prior injury on his right front leg but it does not slow him down. He is a snuggle

**Rudy:** A fawn with a blue ridge down his back, Rudy is 8 years old, very sweet and gets along well with older children. He has some special needs and seeks a family that is understanding and will love him

**Harley:** He is a black and white boy who was born in 1999. He is very cute with the big ears and friendly personality. He is special needs because of his age.

**Pixie:** Pixie is a young lady now, but she still has her playful side as well. She has the cutest bark and barks at you when you don't pay attention to her when she wants you to. She will carry a toy

**Manney:** He is a beautiful blue brindle who came in with an open wound and bad bruise on his back leg. X-rays revealed he had a previous injury that broke his

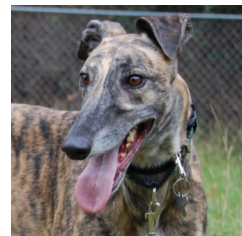

**Moe:** Is a beautiful brindle boy. He was born July 18, 2008. He loves to be brushed and petted. He is a shadow dog. Quite but following at a distance. He qui-

**Lauren:** A precious dark brindle girl. She is friendly but reserved but seems to be coming out of her shell every day. She is a very pretty girl who loves attention. She loves to be brushed and chew toys.

**Patrick:** He is the cutest little guy ever. We got him from a lady who found him crossing Peachtree Street, Atlanta. We think he may have been used as a breeder because he loves dogs but not sure about people.

**Amber:** She is a beautiful brindle girl who is full of personality. We call her a wild child. She is always ready to play and loves attention. She enjoys getting brushed with the kong brush. She loves to go for rides and shopping.

## It is Sandy Paws Time!

It is that time again. Mark your calendar, pack your hounds and head to Jekyll Island, Ga. for

Sandy Paws. Go to [www.sandypaws.org](http://www.sandypaws.org) to find out all of the details. It is a lot of fun and the Princess Diana highly recommends the treats and all of the petting.

March 8th through the 11th.

[www.spayneutercoalition.org](http://www.spayneutercoalition.org)

Our mission at Spay/Neuter Coalition is to reduce pet overpopulation and homelessness by promoting and implementing more spay/neuter via education, networking, and outreach. We educate the public about the many high-quality, low-cost clinics and options already available in Georgia.

We are a positive and innovative 501(C) 3 non-profit group based in Woodstock, Georgia. We collaborate with mission-similar organizations as well as with veterinarians, animal rescue groups, schools and colleges, pet-food banks, animal shelters, and some wonderful volunteers and donors.

In schools, colleges, and civic groups, we teach about pet overpopulation and homelessness, responsible pet ownership, and the benefits of sterilization. Our outreach missions target low-income areas, trailer parks, and rural sections of Georgia where the incidence of unwanted litters is highest. We assist with vaccinations, flea prevention, spay/neuter information and surgery sign-up, as well as education and on-going resources. We help people get their pets sterilized so their pets can live better, healthier lives.

Spay/Neuter Coalition relies entirely on foundation grants, and private and corporate donations to fund our work. We hope to be a model for similar organizations with our methods, effectiveness, and enthusiasm.

There is a solution to our severe and tragic pet overpopulation problem:

Spay~ Neuter~ Educate.
